The venue's stylish area dedicated to weddings. A design pool that fades into the paths of the park, suitable for an entire dinner party or for unique moments of the event.

A stone statue of a female figure, possibly a personification of a river or a deity, stands in a garden. The statue is made of dark stone and depicts a woman with a muscular torso, holding a long, thin object (possibly a staff or a branch) in her right hand. She is surrounded by a low, rough stone wall. In the background, there are lush green trees and a park bench. The text is overlaid on the image in a white, sans-serif font.
